This is a pharmacy and lab discount subscription program, not insurance. TRU Essentials provides direct access to medications and labs at negotiated pricing on a pre-paid basis; this benefit does not make payments directly to pharmacies or labs, and members are responsible for paying at the time of service. This program cannot be used in conjunction with insurance and does not meet ACA minimum essential coverage requirements on its own. Formulary, lab list, and pricing are subject to change — this guide reflects the formulary at the time of publication. For the most current list and full program details, contact Elevate Insured.
